SOFTWARE LICENSE AND SERVICES AGREEMENT

This Software License and Services Agreement that includes attached Exhibits ("Agreement") is between Bellefeuil, Szur & Associates, Inc. ("BSA"), a Michigan corporation and the Village of Skokie, Cook County, IL. ("Customer"), effective the date of the signature of the last Party to sign the Agreement ("Effective Date"). Each party to the Agreement is referred to as a "Party" and the parties, collectively, are referred to as "Parties."

This Agreement sets the terms and conditions under which BSA will furnish certain licensed software and certain services described herein to Customer.

SECTION A – SOFTWARE LICENSE

1. License Grant.

1.1. Upon the Effective Date, subject to the terms of this Agreement and Customer’s ongoing compliance therewith, BSA hereby grants to Customer a perpetual, non-exclusive, non-transferable, and non-assignable license to install and use the BSA Software Products for Customer’s internal business purposes only (and not, for example, as a data center, reseller, or service bureau for third parties), only on servers owned by Customer and located at Customer’s facilities, and otherwise in accordance with this Agreement. "BSA Software Product(s)" means the: (i) BSA software products set forth in Schedule 1 to Exhibit A; (ii) related interfaces and customizations; (iii) BSA manuals, BSA official specifications, and BSA user guides provided in or with BSA software products set forth in Schedule 1 to Exhibit A ("Documentation"); and (iv) all modifications to the BSA software products set forth in Schedule 1 to Exhibit A, including, but not limited to, fixes, new versions, new releases, updates, upgrades, corrections, patches, work-arounds (collectively, "Modifications"). For the avoidance of doubt, Documentation does not include advertising, other general statements about products, or statements by sales or other staff members. Customer may make and keep (securely) one archival copy of each BSA Software Product solely for use as backup.

1.2. Customer will not sublicense, modify, adapt, translate, or otherwise transfer, reverse compile, disassemble or otherwise reverse engineer BSA Software Products or any portion thereof without prior written consent of the BSA. Without limiting the foregoing, the BSA Software Products may not be modified by anyone other than BSA. If Customer modifies the BSA Software Products without BSA’s prior written consent, any BSA obligation to provide support services or, and the warranty for, the BSA Software Products will be void. All rights not expressly granted are reserved.

2. License Fees. Customer agrees to pay BSA, and BSA agrees to accept from Customer as payment in full for the license granted herein, the software fees set forth in Schedule 1 to Exhibit A.

3. Limited Software Warranty.

3.1. BSA warrants and represents for a period of one (1) year from the installation of BSA Software Product that: (i) such BSA Software Product will perform substantially in the same manner as official demonstration versions and in accordance with BSA’s authorized online tutorials and videos that may have been made available as part of the sales and negotiation process leading up to this Agreement; and (ii) the BSA Software Product shall conform to the Documentation and be free of material defects in workmanship and materials. Any claim under this Limited Software Warranty must be made within one (1) year from the installation of the applicable BSA Software Product. Customer’s exclusive remedy in the event of a breach of this warranty shall be to have BSA use reasonable efforts to repair or replace the non-conforming BSA Software Product so as to render it conforming to the warranty, or in the event that is not possible to render it conforming with reasonable efforts, to receive a refund of the amount paid for the BSA Software Product.

3.2. THE FOREGOING LIMITED SOFTWARE WARRANTY IS IN LIEU OF ALL OTHER REPRESENTATIONS OR WARRANTIES RELATING IN ANY WAY TO THE BSA SOFTWARE PRODUCTS, INCLUDING, BUT NOT LIMITED TO, THEIR FEATURES, ATTRIBUTES, FUNCTIONALITY, AND PERFORMANCE. THE FOREGOING LIMITED SOFTWARE WARRANTY IS IN LIEU OF ALL SUCH REPRESENTATIONS OR WARRANTIES WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR REPRESENTATIONS OF MERCHANTABILITY, MERCHANTABILITY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE AND THOSE ARISING BY STATUTE OR OTHERWISE IN LAW OR FROM THE COURSE OF DEALING OR USAGE OF TRADE. BSA DOES NOT REPRESENT OR WARRANT THAT THE BSA SOFTWARE PRODUCTS WILL MEET ANY OR ALL OF CUSTOMER’S PARTICULAR REQUIREMENTS, THAT THE OPERATION OF THE BSA SOFTWARE PRODUCTS WILL OPERATE ERROR-FREE OR UNINTERRUPTED, OR THAT ALL PROGRAMMING ERRORS IN THE BSA SOFTWARE PRODUCT(S) CAN BE FOUND IN ORDER TO BE CORRECTED.
4. Ownership of BSA Software Products/Proprietary Information.

4.1. BSA shall retain ownership of, including all intellectual property rights in and to, the BSA Software Products. Customer agrees not to challenge such rights and hereby assigns any and all copyrights and other intellectual property rights in and to the BSA Software Products to BSA and agrees to execute any and all documents necessary to effect the purposes of this paragraph. “Intellectual property rights” means all trademarks, copyrights, patents, trade secrets, moral rights, know-how, and all other proprietary rights.

SECTION B – PROFESSIONAL SERVICES

5. Professional Services. BSA shall provide the services ("Professional Services") set forth in Schedule 2 to Exhibit A for the prices indicated, provided Customer fulfills its obligations set forth in this Agreement. The Parties may enter into future Statements of Work, which shall become part of this Agreement.

6. Change Orders. If Customer requires the performance of professional services not covered by the existing Agreement, or requires a change to the existing Professional Services, Customer shall deliver to BSA’s Project Manager a written change order and specify in such change order the proposed work with sufficient detail to enable BSA to evaluate it (“Change Order”). BSA may, at its discretion, prescribe the format of the Change Order. BSA shall provide the Customer with an evaluation of the Change Order, which may include a written proposal containing the following: (i) implementation plans (ii) the timeframe for performance; and (iii) the estimated price for such performance. Upon execution, all Change Orders shall be governed by the terms and conditions of this Agreement, unless mutually agreed upon otherwise in writing. Customer acknowledges that such Change Orders may affect the Implementation schedule and Go-Live Dates.

7. License and Ownership.

7.1. All rights, including all intellectual property rights, in and to work product delivered as a result of Professional Services under this Agreement shall be owned by BSA. For the avoidance of doubt, work product that constitutes a BSA Software Product or portion thereof shall be governed by Section A including Section 1.1 thereof.

7.2. Subject to Section 7.1 and Customer’s compliance with this Agreement (including payment in full), BSA grants to Customer a perpetual non-exclusive, non-transferable, and non-assignable license to use the work product and the intellectual property rights therein for Customer's internal business purposes only.

8. Cancellation. In the event Customer cancels or reschedules Professional Services, and without prejudice to BSA’s other rights and remedies, Customer is liable to BSA for: (i) all expenses incurred by BSA on Customer’s behalf; and (ii) daily fees associated with the canceled Professional Services (in accordance with the daily fee rate), if less than one-month’s advance notice is given regarding the need to cancel or reschedule and BSA cannot reasonably reassign its affected human resources to other projects where comparable skills are required.

9.1. BSA warrants that its Professional Services will be performed in a professional and workmanlike manner, materially in accordance with the Statement of Work attached as Exhibit D. In the event of a breach of the foregoing warranty and a claim in accordance with the next sentence, BSA’s sole obligation and Customer’s exclusive remedy with respect to such claim will be to have BSA re-perform the portion of the Professional Services with respect to which the warranty has been breached, to bring it into compliance with such warranty. Any claim for breach of the foregoing warranty must be made by notice to BSA within thirty (30) days of performance of the portion of the Professional Services with respect to which the claim is made, or said claim shall be deemed waived.

9.2. THE FOREGOING LIMITED PROFESSIONAL SERVICES WARRANTY IS IN LIEU OF ALL OTHER REPRESENTATIONS OR WARRANTIES RELATING TO THE PROFESSIONAL SERVICES, EXPRESS OR IMPLIED INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OR REPRESENTATIONS OF MERCHANTABILITY, MERCHANTABILITY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE, AND THOSE ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM THE COURSE OF DEALING OR USAGE OF TRADE.

SECTION C – MAINTENANCE AND SUPPORT

10.1. For a one-year period, commencing upon acceptance of the BSA Software Products, and subject to Customer’s compliance with the Agreement, BSA will provide, at no charge to Customer, “Maintenance and Support,” meaning the following: (i) Modifications (such as patches, corrections, and updates) as are generally provided at no additional charge (beyond the cost of annual Maintenance and Support) by BSA to BSA customers; and (ii) technical support, as further described in Section 11, during BSA’s normal business hours.

10.2. Commencing one (1) year from the installation of the BSA Software Products, Maintenance and Support will be provided on an annual basis, subject to compliance with the terms of the Agreement and payment of the annual
Maintenance and Support fees outlined in Exhibit B. Maintenance and Support will be renewed annually unless either Party notifies the other at least sixty (60) days prior to the anniversary of installation of its intent to terminate.

10.3. BSA guarantees that the Maintenance and Support annual fee set forth in Exhibit B will not change for two (2) years from the date of the installation of the BSA Software Products. After that date, BSA reserves the right each year to increase the fee over the previous year by no more than an amount that is proportionate to the increase (measured from the beginning of such previous year) in the Consumer Price Index as set forth by the U.S. Department of Labor, Bureau of Labor Statistics, Consumer Price Index – All Urban Consumers – U.S. City Average (the “Annual Renewal Fee”).

11.1. With respect to Errors following expiration of the Limited Software Warranty, BSA’s sole obligation and Customer’s sole remedy are set forth in this section 11. Subject to Customer’s compliance with the terms of the Agreement and purchase of Maintenance and Support, BSA shall use commercially reasonable efforts, commensurate with the severity level, to achieve its support response and resolution targets with respect to Errors as set forth in Exhibit C. An “Error” means a verifiable and reproducible failure of a BSA Software Product to operate in accordance with the Documentation) under conditions of normal use and where the Error is directly attributable to the BSA Software Product as updated with current Modifications. If the customer modifies the BSA Software Products without BSA’s written consent, BSA’s obligation to provide support services on the BSA Software Products will be void.

11.2. Support does not include the following: (i) installation or implementation of the BSA Software Products; (ii) onsite training/support, remote training, application design, and other consulting services; (iii) support of an operating system, hardware, or support outside of BSA’s normal business hours; (iv) support or support time due to a cause external to the BSA Software Products adversely affecting their operability or serviceability, which shall include but not be limited to water, fire, wind, lighting, other natural calamities, transportation, misuse, abuse, or neglect (v) repair of the BSA Software Products modified in any way other than modifications made by BSA or its agents; (vi) support of any other third-party vendors’ software, such as operating system software, network software, database managers, word processors, etc.; and (vii) support of the BSA Software Products that have not incorporated current Modifications. All such excluded Maintenance and Support Services performed by BSA at Customer’s request shall be invoiced to Customer on a time and materials basis, plus reasonable expenses associated therewith.

11.3. Notwithstanding anything to the contrary, in order to maintain the integrity and proper operation of the Software, Customer agrees to use commercially reasonable efforts to implement, in the manner instructed by BSA all Modifications in a timely manner. Customer’s failure to implement any Modifications may limit or restrict the ability of Customer to implement future Modifications. Customer shall provide prompt notice of any Errors discovered by Customer, or otherwise brought to the attention of Customer. Proper notice may include, without limitation, prompt telephonic and written (either via e-mail or postal mail) notice to BSA of any purported Error. If requested by BSA, Customer agrees to provide written documentation of Errors to substantiate those Errors and to otherwise assist BSA in the detection and correction of said Errors. BSA will use its commercial reasonable judgment to determine if an Error exists.

11.4. Customer acknowledges and agrees that BSA and product vendors may require online access to the BSA’s system in order for BSA to provide Maintenance and Support Services hereunder. Accordingly, Customershall provide a connection to the Internet to facilitate BSA’s remote access to BSA’s system. BSA shall provide remote connection software, which may require installation of a software component on a workstation or server computer.

SECTION D - GENERAL TERMS AND CONDITIONS

12. Customer Assistance. Customer acknowledges that the implementation of the BSA Software Products is a cooperative process requiring time and resources of Customer personnel. Customer shall, and shall cause Customer personnel to, use all reasonable efforts to cooperate with and assist BSA as may be reasonably required to meet the project deadlines and other milestones agreed to by the Parties for implementation. BSA shall not be liable for failure to meet such deadlines and milestones when such failure is due to force majeure (as defined in Paragraph 1. above) or to the failure by Customer personnel to provide such cooperation and assistance (either through action or omission).

13. BSA Proprietary Information.

Agreement. Customer shall be responsible for all disclosures by any person receiving Proprietary Information, by or through it, as if Customer itself disseminated such information.

13.3. Proprietary Information shall not include any information that: (a) is or becomes publicly known through no wrongful act or breach of any obligation of confidentiality by Customer; (b) was lawfully known to Customer prior to the time it was disclosed to or learned by Customer in connection with this Agreement, provided that such information is not known to Customer solely because of its prior business relationship with BSA; (c) was received by Customer from a third party that is not under an obligation of confidentiality to BSA; or (d) is independently developed by Customer for a party other than BSA without the use of any Proprietary Information. The following circumstances shall not cause Proprietary Information to fall within any of exceptions (a) through (d) above: (i) a portion of such Proprietary information is embraced by more general information said to be in the public domain or previously known to, or subsequently disclosed to, the Customer; or (ii) it is a combination derivable from separate sources of public information, none of which discloses the combination itself.

13.4. If Customer is required, or anticipates that it will be required, to disclose any Confidential Information pursuant to a court order or to a government authority, Customer shall, at its earliest opportunity, provide written notice to BSA so as to give BSA a reasonable opportunity to secure a protective order or take other actions as appropriate. TO THE EXTENT THAT APPLICABLE LAW DOES NOT PERMIT THE LIMITATIONS SET FORTH HEREIN, THE LIABILITY AND DAMAGES SHALL BE LIMITED AND RESTRICTED TO THE EXTENT PERMITTED BY LAW.

15. 17. Indemnification for Intellectual Property Infringement. If a claim is made or an action is brought alleging that a BSA Software Product infringes on a U.S. patent, or any copyright, trademark, trade secret or other proprietary right, BSA will defend Customer against such claim and will pay resulting costs and damages finally awarded, provided that: (a) Customer promptly notifies BSA in writing of the claim; (b) BSA has sole control of the defense and all related settlement negotiations; (c) Customer reasonably cooperates in such defense at no expense to BSA; and (d) Customer remains in compliance with the Agreement and has continued to purchase Maintenance and Support Services. The obligations of BSA under this Section are conditioned on Customer’s agreement that if the applicable BSA Software Product, in whole or in part, or the use or operation thereof, becomes, or in the opinion of BSA is likely to become, the subject of such a claim, BSA may at its expense either procure the right for Customer to continue using the BSA Software Product or, at the option of BSA, replace or modify the same so that it becomes non-infringing (provided such replacement or modification maintains the same material functionality and does not adversely affect Customer’s use of the Update as contemplated hereunder).

18. Hold Harmless and Indemnification. To the fullest extent permitted by law, BSA agrees to indemnify, save harmless and defend the Customer and its agents, servants, and employees, and each of them against and hold it and them harmless from any and all lawsuits, claims, demands, liabilities, losses or expenses, including court costs and attorneys' fees, for or on account of any injury to any person, or any death at any time resulting from such injury, or any damage to any property, which may arise or which may be alleged to have arisen, in whole or in part, out of or in connection with the work covered

Upon termination of this Agreement: (a) Customer shall promptly pay all amounts payable to BSA for Services rendered up to the date of termination; and (b) Customer shall return or destroy, at the direction of the BSA, BSA’s Proprietary Information in its possession. The termination of this Agreement will not discharge or otherwise affect any pre-termination obligations of either Party existing under this Agreement at the time of termination. Sections 1.2, 4.1, 7.1, 13 through 16, 18, 20 through 29, and the provisions of this Agreement, which by their nature extend beyond the termination of this Agreement, will survive termination of the Agreement. No action arising out of this Agreement, regardless of the form of action, may be brought by Customer more than one (1) year after the date the action occurred.

21. **Payment Terms.** Customer shall pay BSA for all amounts in accordance with this Agreement and Exhibit A.

Any use, modification, reproduction, release, performance, display, or disclosure of BSA’s Software Products by the U.S. Government shall be solely in accordance with the terms of this Agreement.

25. **Severability.** If any term or provision of this Agreement, or the application thereof, to any extent, be held invalid or unenforceable, the remainder of this Agreement or the application of such term or provision to persons or circumstances, other than those as to which it is held invalid or unenforceable, will not be affected thereby, and each term and provision of this Agreement will be valid and enforced to the fullest extent permitted by law.

26. **Successors and Assigns.** This Agreement shall be binding upon the successors, permitted assigns, representatives, and heirs of the Parties hereto. For avoidance of doubt, any expanded use by Customer of the Program, for example, in the event of annexation or desired shared services, shall require the consent of BSA.

BSA targets less than thirty (30) minutes for initial response ("Initial Response Target").

Customer service requests fall into four main categories:

A. Technical. Questions or usage issues relating to I.T. functionality, future hardware purchases, and configuration. BSA tries to resolve these issues within BSA’s Initial Response Target or as soon thereafter as reasonably possible.

B. Questions/Support. General questions regarding functionality, use, and set-up of the applications. BSA tries to resolve these issues within BSA’s Initial Response Target or as soon thereafter as reasonably possible.

C. Requests. Customer requests for future enhancements to the applications. Key product management personnel meet with development staff on a regular basis to discuss the desirability and priority of such requests. BSA tries to resolve these issues within BSA’s Initial Response Target or as soon thereafter as reasonably possible.

D. Issues/Bugs. Errors fall into three (3) subcategories:

i. Critical. Cases where an Error has rendered the application or a material component unusable or not usable without substantial inconvenience causing material and detrimental consequences to business -- with no viable Customer workaround or alternative. The targeted resolution time for critical issues is less than one (1) day.

ii. Moderate. Cases where an Error causes inconvenience and added burden, but the application is still usable by Customer. The targeted resolution time for all moderate issues is within two (2) weeks, which is within our standard update cycle.

iii. Minimal. Cases that are mostly cosmetic in nature, and do not impede functionality in any significant way. These issues are assigned a priority level at our regular meetings, and resolution times are based on the specified priority.
Remote Support Process

Some support calls may require further analysis of Customer's database or set-up to diagnose a problem or to assist Customer with a question. BSA's remote support tools share Customer's desktop via the Internet to provide Customer with virtual on-site support. BSA's support team is able to quickly connect remotely to Customer's desktop and view its setup, diagnose problems, or assist Customer with screen navigation.

Program Customization

BS&A strives to provide a flexible solution that can be tailored to each municipality’s needs. However, in some cases, custom work may be required. Typical examples include:

- custom payment import/lock box import
- custom OCR scan-line
- custom journal export to an outside accounting system
- custom reports

If you require any custom work, please let us know so that we can better understand the scope of your request and include that in a separate proposal.

Additional Training - Building Department Report Designer

Most of our Building Department customers heavily use our Report Designer, which is included free with the program. Report Designer Training is not included in the training quoted on this proposal and is highly recommended. You may attend a class at our office in Bath Township, or we can train at your location. Report Designer Training is typically completed in one day.

Please check the option you are interested in. Report Designer Training will be scheduled after successful implementation and training of your Building Department software.
